The stakes in real money will be automatically played or bet prior to any Bonus.

Besides, any Player having Bonuses of a value higher than 4 € agrees that his winnings will be automatically transformed into Bonuses.

2. The Bonuses can solely be converted into cashable real money by the Player provided a playthrough is applicable (hereinafter the « Playthrough »); the Playthrough is the number of times the Player must bet the value of the bonus money to convert it into cashable money.
3. The conversion rate of the Playthrough is as follows:

Bonus - Playthrough		
Game type/Bet	Playthrough	Coefficient
Sports bets with an odd above 1,60	30	100%
Slot Machine + Dice	30	100%

For instance, if the conversion rate is of 30, the Player will only be entitled to transform the Bonus money into cashable real money when the Playthrough of 30 has been reached on the involved bonus; this means therefore that a Bonus of 5 can solely be converted into cashable money if the Player bets an amount of $5 \times 30 = 150$.
