Do you think gambling is a good way to have fun and relax but are you worried you might gradually develop a gambling addiction due to financial, family or personal problems?

Thanks to the various tools available on our website and with other organisations you can avoid this. For example, on our website we've implemented certain legal mechanisms to prevent players from developing a gambling addiction.

On top of that, Circus.pe undertakes to bring responsible communication that protects the player and doesn't encourage problematic gaming behaviour. If you think you might be addicted to gambling or would like to talk about this problem, you can contact the Maltese Gaming Authority or Game Care as follows:
